

## I'm a little snowman

I'm a little snowman,  
Enjoy me all winter long;  
I'm here to bring a smile,  
Even when you're down.

So put me in your fingers,  
And give a gentle squeeze;  
I'll move and twist  
With happiness and ease.

Once you've got your smile,  
Put me on the shelf;  
I'll be there till the next time,  
You need some smile help.
